ATTENDANCE VERIFICATION CARD

The California Teachers Association has developed a procedure to verify attendance in each workshop session time block. Each participant will be issued an Attendance Verification Card (in the name badge holder) with sections for each block of time with a blank space for the title of the workshop chosen and a space for the color-coded verification sticker. The participant will fill in the elective chosen and the instructor or a committee member will provide the color-coded stickers at the end of the session. At the end of the conference, those applying for university credit or professional growth must present the completed card to staff or a committee member at the CTA conference desk.
